

## PLATCONSA PARTICIPATION IN IZODROMGAZ, S.R.L. MOLDOVAN CONSTRUCTION COMPANY

IALOVENI ( Moldova ) - On April 23, 2015, the president of Construction Platform Anoia, S.L.U. (PLATCONSA), Francisc Sabaté signed a document of participation with the Moldovan company IZODROMGAZ, S.R.L., represented by its president Alexei Miscu.

IZODROMGAZ, S.R.L. is acting in the construction field since 1996. It is also affiliated to METIOLIS, S.R.L. and TEHNOSERVICE, S.A. technical and service companies.

The corporate name of those companies is based in Ialoveni town, on a 11.000 m<sup>2</sup> ground where offices and warehouses are.

Ialoveni is based in 5 km. from Chisinau, capital of Moldova.

The purpose of this participation is adding value to carry out projects funded by international agencies: USAID, UNDP, EBRD, the EIB.

The above companies have ratings and execute construction of gas pipelines, power plants, including biomass, district heating networks, both external and internal networks, water supply and drainage, pumping stations, sewage and plants treatment.

The company IZODROMGAZ, SRL has senior technical staff and is among the first to implement the construction quality, following health and safety rules in force in Moldova.

## **MOLDOVA description**

The Republic of Moldova borders Romania to the west and Ukraine to the north, east and south. Until 1991 it was one of the republics of the Soviet Union. Its territory is 33,843 km<sup>2</sup> (31,895 km<sup>2</sup> Catalonia) and is around 70 km from the Black Sea. It has 4 million inhabitants (2013) (Catalonia 7.5 million). The country is divided into 32 districts and the capital Chisinau (700,000 h). Its language is remains- (Moldova), which in this country is called Moldavian.

The country is a parliamentary democracy with a president as head of state and a prime minister as head of government. Moldova is a member state of the United Nations, the Council of Europe, the World Trade Organization, CSO, GUAM, and the CIS and now aspires to join the European Union.

Economy: Agriculture is still an important economic driver who lost weight root of the accelerated industrialization. Currently before the crisis in the industrial sector, more than half the population of the Republic of Moldova is devoted to agriculture.

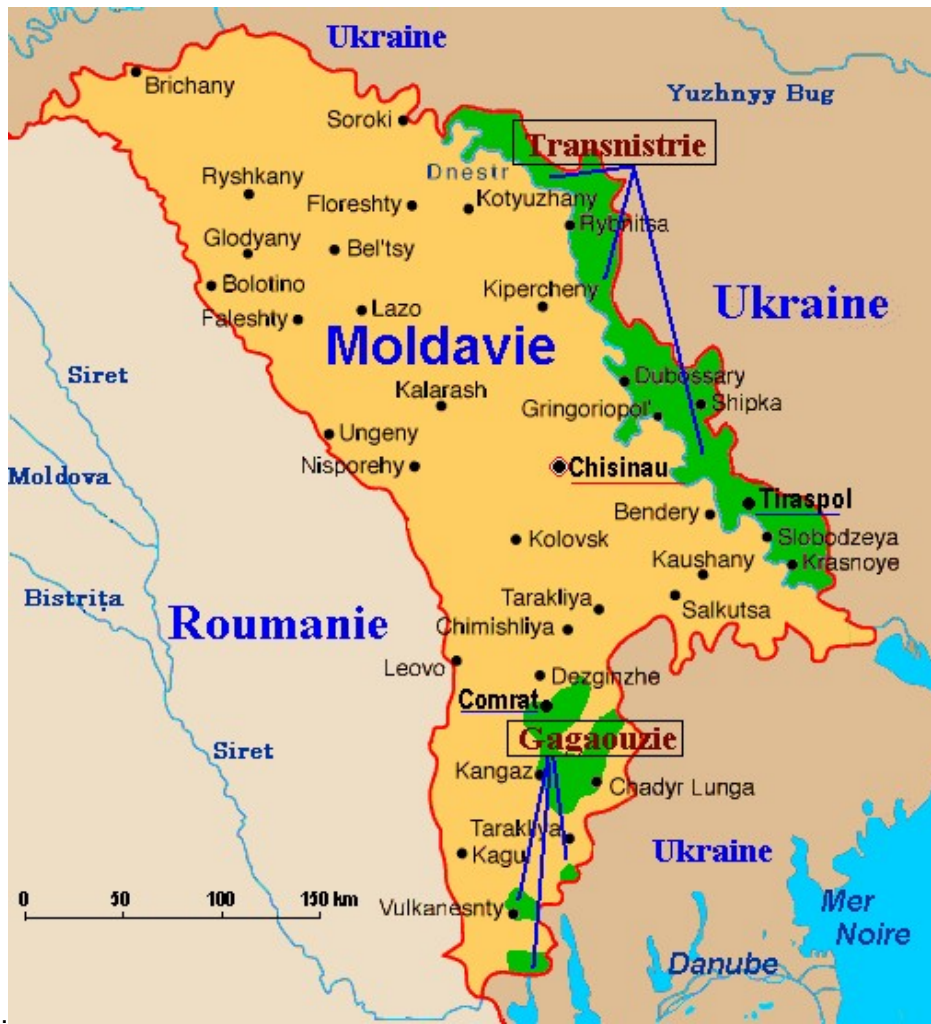

Moldova's agricultural production is varied: sunflower, snuff, cereals, wine, vegetables, fruit, sugar beet and potatoes. Livestock is insignificant, mainly cattle and pigs, apart from poultry farming.

Industrial production: food, textile, mechanical, and footwear.

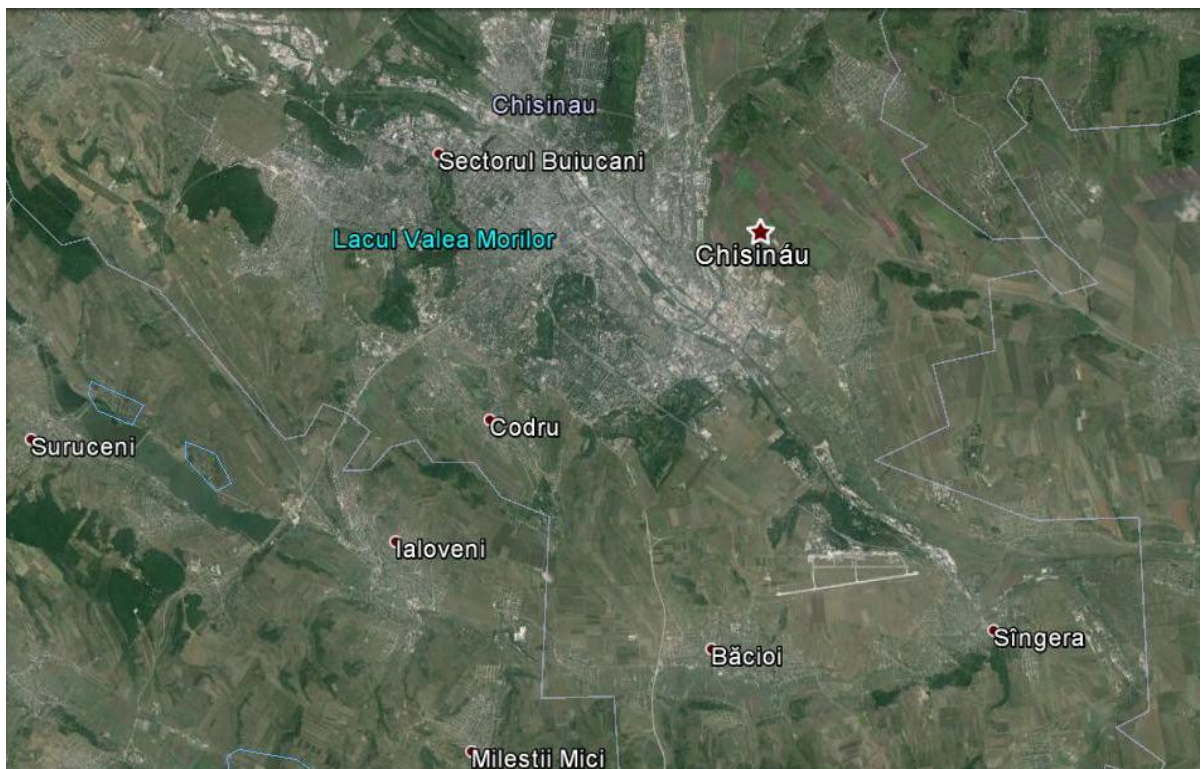

Moldova maintains a trade with European countries such as Russia, Ukraine, Italy, Germany and Romania.

Today is a very good prospect construction, both private and public.
